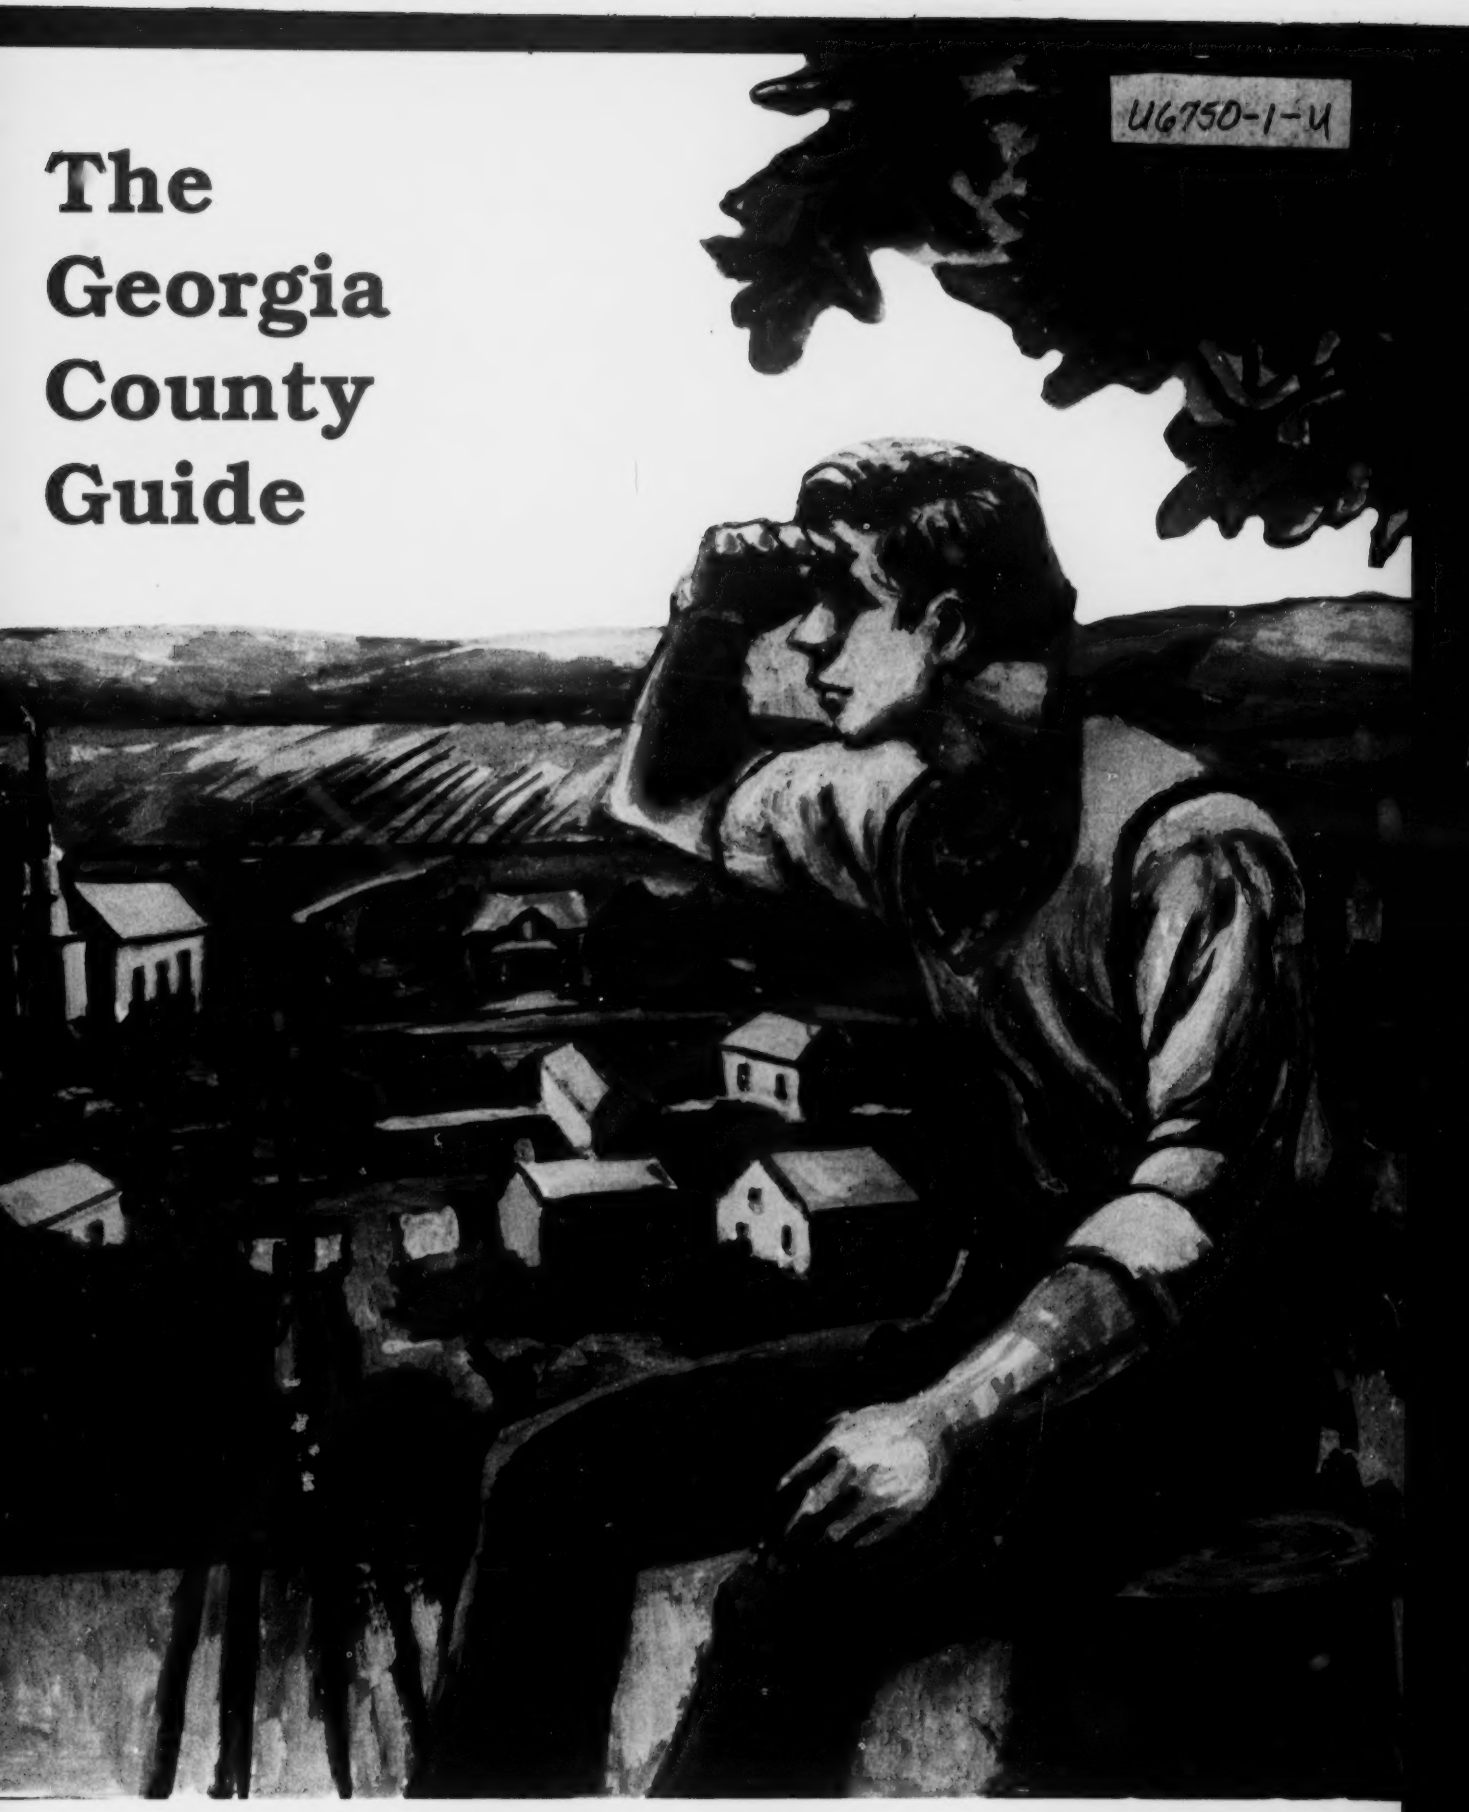
The Georgia County Guide



The University of Georgia · Cooperative Extension Service · College of Agriculture · Athens

The University of Georgia
Cooperative Extension Service
College of Agriculture/Athens, Georgia 30602

Office of the Director

Conner Hall, Room 111

Dear Friends:

The decade of the 1990's will bring a new era of growth and change to Georgia. Increased technological development and the difficult societal adjustments to those changes will become commonplace. In order to prepare for this transition, decision makers and citizens need access to current and factual information to foresee new trends.

By anticipating not only problem areas, but by documenting our accomplishments, decision makers can begin to formulate successful strategies that will help improve the quality of life for all Georgians.

The 1990 Georgia County Guide is one of several efforts undertaken by the Cooperative Extension Service of The University of Georgia College of Agriculture to provide assistance to the State of Georgia and its local units of government. For more information, contact any county Extension office.

Sincerely,

C. Wayne Jordan

C. Wayne Jordan
Director

THE UNIVERSITY OF GEORGIA, THE U.S. DEPARTMENT OF AGRICULTURE AND COUNTIES OF THE STATE COOPERATING
The Cooperative Extension Service offers educational programs, assistance and materials to all people without regard to race, color, national origin, age, sex or handicap status.

AN EQUAL OPPORTUNITY EMPLOYER

May, 1990

Issued in furtherance of Cooperative Extension work, Acts of May 8, and June 30, 1914, The University of Goergia College of Agriculture and the U.S. Department of Agriculture cooperating.

C. Wayne Jordan, Director

Editor's Note

The 1990 Georgia County Guide contains 83 tables and ten maps of agricultural, educational, economic and demographic facts and figures for all 159 of Georgia's counties. The information was collected from 35 federal and state agencies and four private companies.

The principal concern is that the Georgia County Guide should be an accurate, up-to-date and easy to use reference work. The contents of this publication can be reprinted or otherwise used without written or oral authorization, but acknowledgment of the proper source would be appreciated. Individuals and organizations are encouraged to use the material for planning purposes.

A very special thanks to Sue Boatright. The entire project would never have been completed without her dedication, hard work and valuable suggestions. Her assistance is deeply appreciated.

Thanks must also be given to Valerie Ford and Micky Ragsdale for all of their help.

Suggestions from users, plus the development of a better system to manipulate data, have enabled us to improve and expand the format. Comments, corrections and suggestions for additions to or improvements of this work are invited.

This year's cover and all previous covers were designed by Vincent Keesee.

Douglas C. Bachtel
Extension Rural Sociologist
Athens, Georgia

TABLE OF CONTENTS

AGRICULTURE **1-18**
Cooperative Extension Service Districts (Map) 1
County Extension Directors 2-4
Crop Production:
Corn, Soybeans, Peanuts 5-6
Cotton, Tobacco, Wheat 7-8
Oats, Rye, Sorghum 9-10
Irrigated Farm Land 11-12
Livestock and Poultry Production 13-14
Number of Farms, Harvested Cropland, Average Farm Size 15-16
Selected Agricultural Facts 17-18

COURTS AND CRIME **19-28**
Full-Time Law Enforcement Employees 19-20
Index Crimes Reported 21-22
Juvenile Courts Commitments and Institutionalization 23-24
Reported DUI Arrests 25-26
State Prison Inmates Home County 27-28

ECONOMICS **29-58**
Business Patterns 29-30
Comercial Bank Deposits 31-32
Economic Indicators 33-34
Establishments by Industry 35-38
Households Recieving Less than $10,000 Annual Income 39-40
Manufacturing Plants, Major Products 41-44
Median Family Income 45-46
Per Capita Income 47-48
Personal Income Tax 49-50
Poverty Characteristics 51-52
Sale of Beer (Map) 53
Sale of Legal Distilled Spirits (Map) 54
Total Personal Income 55-56
Transfer Payments 57-58

EDUCATION **59-74**
County Systems:
Basic Skills Test Scores 59-60
Failures by Grade 61-62
Number of Schools, Enrollment, Average Daily Attendance, Graduates and Dropouts 63-64
Teachers, Advanced Degrees, Beginning Salary, Cost Per Pupil and School Lunch Program 65-66
Independent City Systems:
Basic Skills Test Scores 67
Failures by Grade 67
Number of Schools, Enrollment, Average Daily Attendance, Graduates and Dropouts 68

EDUCATION (continued)
Independent City Systems (continued)
Teachers, Advanced Degrees, Beginning Salary, Cost Per Pupil and School Lunch Program 68
Educational Levels 69-70
Median Education 71-72
Universities, Colleges and Technical Schools 73-74

ENERGY 75

* Metropolitan County

-- Not reported

\# Base figure too small to meet statistical standards for reliability of derived figure.

[1] This information was compiled from estimates supplied by county Extension agents for educational purposes only. Numbers represent acres of irrigation systems, not irrigated acreage. Due to double cropping practices the actual irrigated acreage could be 20-30 percent higher than these numbers.

[2] Rank: 1 = highest (range, 1-155)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Livestock and Poultry Production: 1986-1989

* Metropolitan County

--Data not available due to disclosure criteria

[1] See Appendix

[2] Rank: 1 = highest (range, 1-159), [3] (range, 1-156)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

-- Counties not submitting data.

[1] Sworn Officers are authorized to exercise the power of arrest.

[2] Rank: 1 = highest (range, 1-147)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Index Crimes Reported: 1988

* Metropolitan County

1
Rank: 1 = highest (range, 1-158)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

NOTE: These figures solely reflect reports of incidence of crime by law enforcement agencies in each county to the Georgia Crime Information Center.

* Metropolitan County

[1] Commitment of a child to the Department of Human Resources was instituted by law in 1963 and implemented by the Division of Youth Services in 1965. It is often the final disposition of the Juvenile Court when probation or other counseling services have failed to prevent a chronic or serious offender from returning to the attention of the court.

[2] Population at Risk--Ages 10-17

[3] Rank 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

[4] Commitments which have resulted in placement in Youth Development Center (YDC) or Short-Term Treatment Program (STTP).

* Metropolitan County

NA Not Applicable

\# Represents an increase or decrease from a zero base

[1] [2] Rank: 1 = lowest (range, 1-159), (range, 1-152)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

[3] See Appendix

* Metropolitan County

NOTE: Data excludes those incarcerated in a county jail awaiting transfer to a state prison as of December of each year.

1
Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] An establishment is a single physical location where business is conducted or where services or industrial operations are performed.

[2] Employment is the count of employees during the pay period that includes March 12, as reported on Internal Revenue Service Form 941, or as corrected by estimates in those cases where it was incompletely or improperly reported.

Commercial Bank Deposits: 1985-1988

* Metropolitan County

1
Master Economic Rank is determined by using the information of personal income, sales tax receipts, motor vehicle tags, and assessed property value.

2
Based on sales tax.

3
Reported on Georgia Returns.

4
Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Establishments, by Industry: 1987

* Metropolitan County

[1] Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

-- Data not available

[1] [2] [3] [4] Rank: 1 = highest (range, 1-159), (range, 1-140), (range, 1-145), (range, 1-123)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Per Capita Income: 1982-1987

* Metropolitan County

[1] Per capita income is the total personal income of the residents of a given area divided by the resident population of that area.

[2] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Personal Income Tax: 1987

* Metropolitan County

1
Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Poverty Characteristics: 1979

	Persons Below Poverty Level[1]		Rank of Percent[2]	Percent of Persons Below Poverty Level					Persons 65 Years And Over Below Poverty Level		Female Headed Households Below Poverty Level

* Metropolitan County

-- Data not available

[1] The average poverty threshold for a family of four persons was $7,412 in 1979.

[2] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Sale of Beer: 1989

ECONOMICS

Sale of Legal Distilled Spirits: 1990

Total Personal Income: 1982-1987[1]

* Metropolitan County

1 See Appendix

2 Rank: 1 = Highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

NA --Data tabulation not appropriate

1
Total includes failures from special education category.

2
Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

County Systems; Number of Schools, Enrollment, Average Daily Attendance, Dropouts, Graduates: 1988-89

* Metropolitan County

-- Data not available

[1] Masters Degree or higher

[2] Rank: 1 = highest (range, 1-27)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

1
Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

--Data not available.

[1] Rank 1 = highest (range, 1-158)
When counties share the same rank, the next lowest rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Public Universities, Colleges and Technical Schools: 1989-90

* Metropolitan County

[1] [2] Rank: 1 = highest (range, 1-159), (range, 1-156)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Georgia Representative Districts: 1990

GOVERNMENT

Georgia Senatorial Districts: 1990

U. S. Congressional Districts: 1990

* Metropolitan County

[1] Rank: 1 = Lowest (range, 1-156)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] Rank: 1 = lowest (range 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] Rank of size and population: 1 = largest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

[2] Population per square mile is calculated by dividing the total county population by the number of square miles in each county.

Water Use: 1985

	Water Withdrawls in Million Gallons Per Day			Water Use Categories Withdrawls in Million Gallons Per Day						Population Served by Public Supply	Public Use Per Capita in Gallons per Day [1]

* Metropolitan County

0 Represents an increase or decrease from a zero base

[1] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Components of Change; Natural Increase and Net Migration: 1980-1988

* Metropolitan County

[1] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

County Seat; Date of County Creation; County Seat Population; and, Population Living In and Outside Municipal Boundaries: 1980-1988

* Metropolitan county

--County seat not incorporated, data not available

[1] Estimates

[2] Rate: 1 = highest (range, 1-156).

[3] (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Families, Female-Headed Families, Families With Children Under 18, Female-Headed Families With Children Under 18: 1980

* Metropolitan County

[1] An urbanized area consists of a central city or cities and surrounding closely settled territory ("urban fringe").

[2] Urban areas are places with 2500 or more inhabitants.

[3] A farm is a place with $1000 or more in sales of crops, livestock, or other farm products during the preceding calendar year.

Households: 1960-1985

* Metropolitan County

[1] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] Rank: 1 = largest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1]
Rank: 1 = largest (1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] Aid to Families With Dependent Children; Calendar Years 1984, 1985, Fiscal Years 1987, 1988.

[2] Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

Long-Term Disability Benefits to Persons Ages 18-64; and Supplemental Security Income to Persons Ages 65 and Over: 1985-1987

	Persons Ages 18-64 Receiving Long-Term Disability Benefits							Persons Ages 65 and Over Receiving SSI [2]					
			1987							1987			
	Number		Total Number	Rank of Total [1]	(OASDI) Disabled [2]	(SSI) Disabled [2]	(SSI) Blind [2]	Number		Number	Rank of Number [1]	Percent of Persons Over 65	Rank of Percent [1]

* Metropolitan county

[1] Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

[2] OASDI--Old Age, Survivors, and Disability Insurance
SSI--Supplemental Security Income; Aid to the Disabled and Aid to the Blind

Medicaid Recipients: 1987-1989
Households Participating in the Food Stamp Program: 1985-1988

	Medicaid Recipients, Fiscal Years							Households Participating in the Food Stamp Program

* Metropolitan County

[1] Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

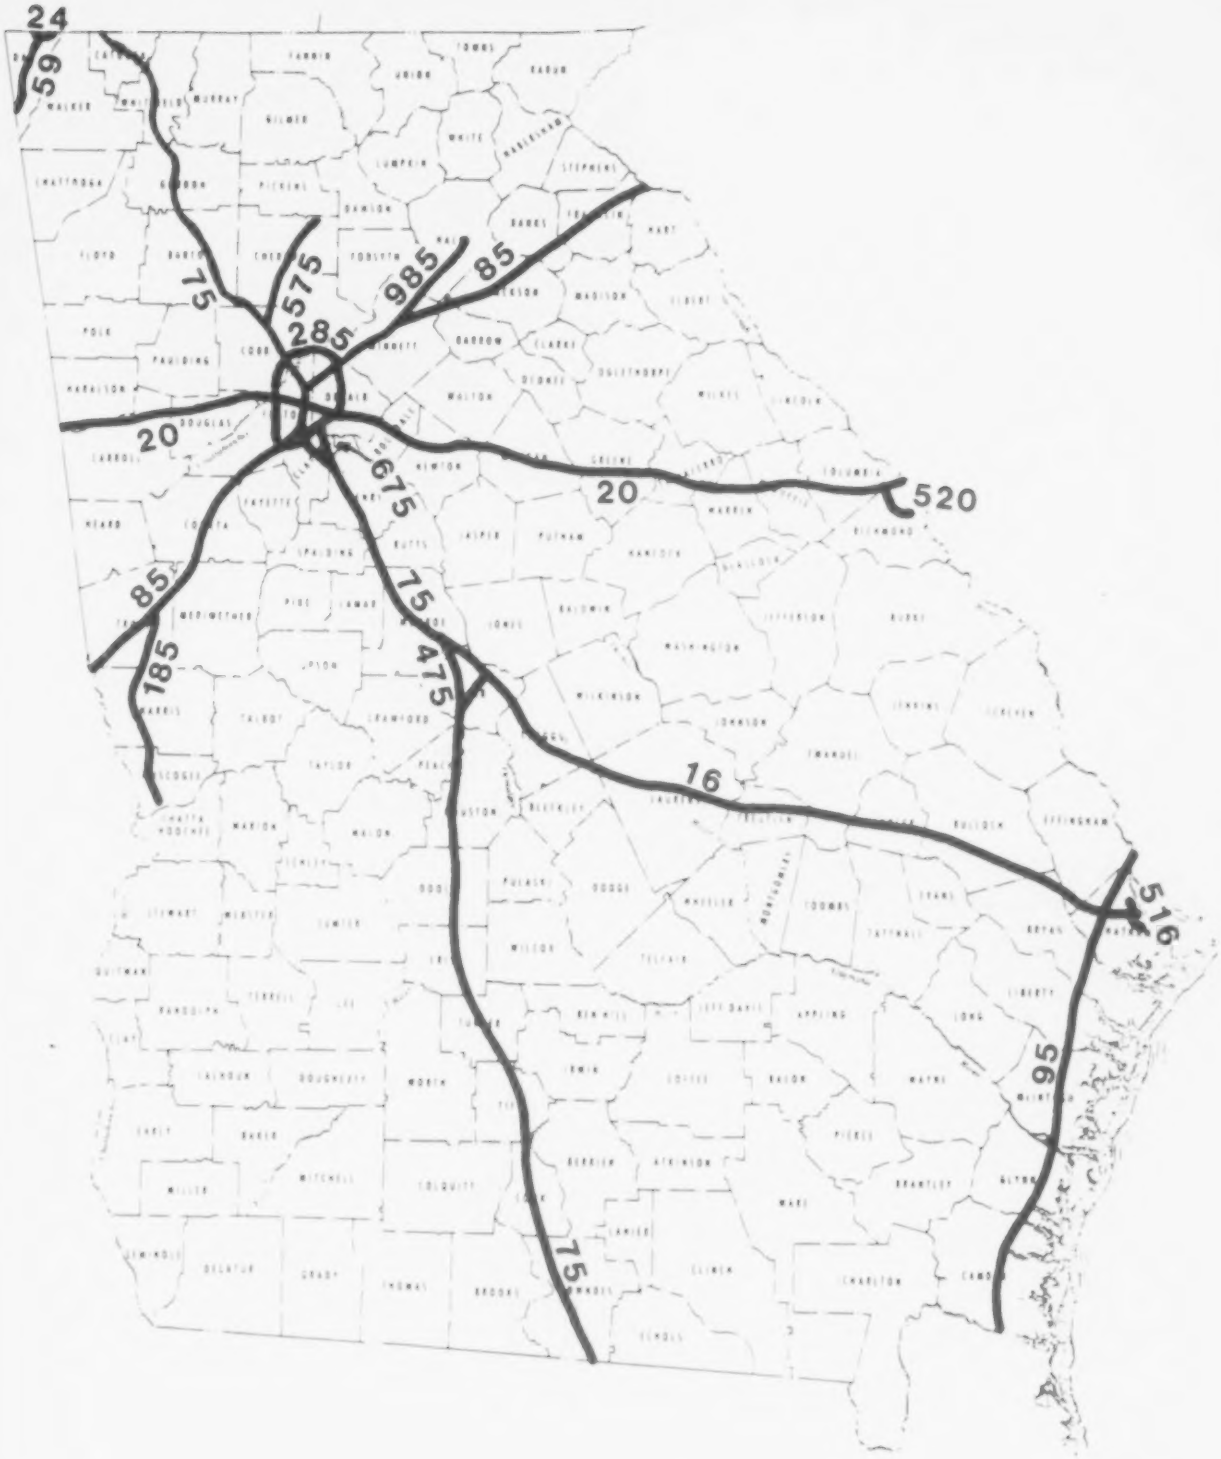
[1] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

TRANSPORTATION

Interstate Highway System: 1990



Motor Vehicle Registrations (Estimated): 1988

* Metropolitan County

[1] Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

[2] See Appendix--ECONOMICS (Transfer Payments and Total Personal Income)

Deaths: 1985-1988

* Metropolitan County

1
Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

2
See Appendix

* Metropolitan County

[1] Live birth: a newborn showing any evidence of life (breath, heartbeat, or movement of voluntary muscles) after complete birth
Low birth weight: live birth with a weight of less than 2,500 grams

[2] White and black figures do not equal total number in every case due to the presence of other minorities not included in either racial category.

[3] See Appendix

* Metropolitan County

[1] White and black figures do not equal total number in every case due to the presence of other minorities not included in either racial category.

[2] Rank: 1 = lowest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

[3] See Appendix

Marriages: 1986-1988

	1 Total			White			Black			2 1988 Rate			3 Rank of Total Rate	Percent Change in Total Number 1986-88

* Metropolitan County

1
Rank: 1 = highest (range, 1-159)
When counties share the same rank, the next lower rank is omitted. Because of rounded data, counties may have identical values shown, but different ranks.

* Metropolitan County

[1] Rank: 1 = lowest (range 1-159)

APPENDIX

In every table counties with an asterisk (*) beside their name are metropolitan counties.

A metropolitan county is a county that is part of a Metropolitan Statistical Area (MSA). All other counties are nonmetropolitan counties. In 1990 Georgia had 38 metropolitan and 121 nonmetropolitan counties.

The general concept of a metropolitan area is one of a large population nucleus, together with adjacent communities which have a high degree of economic and social integration with that nucleus.

Each MSA has one or more central counties containing the area's main population concentration: an urbanized area with at least 50,000 inhabitants. An MSA may also include outlying counties which have close economic and social relationships with the central counties.

Pages 15-16 **AGRICULTURE**
Number of Farms, Harvested Cropland, Average Farm Size: 1969, 1974, 1978, 1982 and 1987.

A farm, as defined for the 1974, 1978, 1982 and 1987 censuses, is any place from which $1,000 or more of agricultural products were sold or normally would have been sold, during the census year.

The following definition, used for the 1959, 1964, and 1969 censuses, counted a farm as any place with less than 10 acres from which $250 or more of agricultural products were sold or normally would have been sold during the census year, or any place of 10 acres or more from which $50 or more of agricultural products were sold or normally would have been sold during the census year.

Pages 25-26 **CRIME**
Reported DUI Arrests: 1979-1988

$$\text{DUI Rate} = \frac{\text{Number of DUI Arrests}}{\text{Total Population}} \times 100{,}000$$

Pages 55-56 **ECONOMICS**
Total Personal Income: 1982-1987

The personal income of an area is the income received by, or on behalf of, all the residents of the area. It includes the income received by persons from all sources; that is, from participation in production, transfer payments from government and business, and from government interest payments (which are treated like transfer payments). Persons consists of individuals, non-profit institutions, private non-insured welfare funds, and private trust funds. Proprietors' income is treated, in its entirety, as received by individuals. Life insurance carriers and private non-insured pension funds are not counted as persons, but their savings are credited to persons. Personal income is the sum of wage and salary disbursements, other labor income, proprietors' income with inventory valuation and capital consumption adjustments, rental income of persons with capital consumption adjustments, personal dividend income, personal interest income, and transfer payments, less personal contributions for social insurance.

APPENDIX

Pages 57-58 **ECONOMICS**
Transfer Payments: 1982-1987

Transfer payments to persons are income flows from both government and business -- for which services are not currently rendered. Government transfer payments include payments under the following programs: federal old age, survivors', disability, and hospital insurance; supplementary medical insurance; state unemployment insurance; railroad retirement and unemployment insurance; government retirement; federal and state government-insured workman's compensation; veteran's benefits, including veteran's life insurance; food stamps; black lung payments; supplemental security income; and direct relief. Government payments to non-profit institutions, other than for work under research and development contracts, are also included. The principle business transfers are liability payments for personal injury, corporate gifts to non-profit institutions, and consumer bad debts.

Pages 94-95 **HOUSING**
New Privately Owned Housing Units Authorized in Permit-Issuing Places: 1976-1988

The information for 1984-1988 was collected from approximately 17,000 places identified as permit issuing in 1984. This universe accounts for a major portion of new residential housing units started in the United States. In 1988, about 95 percent of all new private housing intended for occupancy on a housekeeping basis was constructed within permit-issuing places. Permit data for 1978-1983 were tabulated from a 16,000 permit place universe.
